Profile

I am an undergraduate in Software Engineering and Management at University of Gothenburg in 2022.
- I am careful, resistant to stress, self-motivated with a strong desire to learn new things and like to take my own initiative.
- I am active, like to cooperate in teamwork and open to new ideas and willing to listen to advice from colleagues.
- I have great passion for software development and QA and I aim to seek new challenges in the software industry in Sweden. My biggest advantages are my competence and positive attitude.
